We are set up with great technology to have a smooth and effective online experience: Dual Screen Monitor with two 27" monitors; a Solos 8 4K Image Clarity 13 Megapixel Sensor Document Reader; ZOOM software with screen sharing/split screen sharing capabilities; high quality webcam; headphones and mic; TI-84 Plus Calculator; XP-pen Digital Graphic Drawing Tablet; and materials, e.g., white board, colored markers, etc.

Students, parents, and school staff can expect: *ongoing help* to understand subject matter; *answering questions* while learning new material; *teaching distracted students* in a guided format; *encouragement for students* to approach learning; *adding hands-on* time showing interest in learning by monitoring and supporting students in activities; *individual, ongoing assessment* to implement coursework for areas that need improvement; *reviewing schoolwork* and overall progress to keep students on track; *collaborating with parents/teachers*; *adding organization* with flexibility working with the chosen curriculum; *sharing strategies* with the experience for special needs.

Utilizing a private teacher provides structure, takes the stress off parents and teachers, makes learning more enjoyable helping to improve students' attitudes and increase engagement, and helps keep students from falling behind. This results in improved test scores and feelings of success and happiness in learning as well as providing continuity that ties in with long term goals for college, vocational training, or a career.

A Private Teacher provides supportive "teacher time" at a fraction of the cost of a private school. You get a professional relationship with a personal touch.

Call 850-567-1197 or email info@familytreehomeschool.com for the ZOOM link for First Free Session! No Commitment. Scholarships and Gift Certificates are available.

Fees: \$30-\$60 per hour, Crypto Currency Accepted, Flexible Terms
