

Thank you so much for
excepting me into your home-
school program. This experience
has been a wonderful experience
for me. This whole program
for me was great and I
enjoyed being in your school.
Thanks for everything that
you have done for me and
I am so glad that you put
a program like this together
because it really does help
kids learn more than a regular
public school. This whole home-
school experience has made my
high school years so much better
then when I was in public
school. I learned so much more
and it was easier to get
through high school in this
program. I was able to get
better grades and I was able
to learn alot more. Thanks
so much!

Sincerely,
Amanda R.

P.S. I won a
\$500.00 scholarship
through my church
to any school of
my choice for the best written
essay of why you should win this scholar-
ship.
